*Certified Health Data Analyst (CHDA) Exam Preparation, Second Edition*

AHIMA Product # AC400717

**Practice Exam 1, Question 51, p. 14.** The correct answer is c, EDMS.

**Practice Exam 1, Question 98, p. 24.** The correct answer is b, OASIS.

**Practice Exam 1, Question 102, p. 25.**

**Practice Exam 1, Question 129, p.30.** Answer choice c should state “DNFB cases met the benchmark 83% of the time.”

The rationale in the answer key (p. 106) should read: “The facility needs to have DFNFB less than two days of net revenue, or  $2 \times 1,750,000 = 3,500,000$ . They only exceeded that value in April, so they met the benchmark 5/6 months, or 83% of the time.”

**Practice Exam 1, Question 135, p. 107.** The correct answer is d, Content and structure of health records.

**Practice Exam 2, Question 9, p. 37.** The correct answer is d, Supplies (other than pass-through) and recovery room.

**Practice Exam 2, Question 96, p. 52.** The correct answer is b, Medication errors.

**Practice Exam 2, Question 128, p. 58.** The correct answer is d, Line graph.

**Practice Exam 3, Question 74, p. 129.** The correct answer is b, Narrower.
