*Certified Coding Associate (CCA) Exam Preparation, Eighth Edition*

AHIMA Product # AC400320

**Practice Questions, Question 26, p. 10.** A 32-year-old woman in her 30th week of gestation is evaluated in her obstetrician's office for her second pregnancy with pre-existing essential hypertension. Assign the correct ICD-10-CM diagnostic code(s).

- a. O10.913, Z3A.30
- b. O10.919
- c. O10.412, Z3.40
- d. O10.013, Z3A.30**

Correct answer is d and should read, "O10.013, Z3A.30."

**Practice Questions, Question 197, p. 36.** The standards development organization that is American National Standards Institute (ANSI)-accredited and established the creation of the standards to support the exchange of clinical information in multiple formats is:

- a. Health Level 7 (HL7)**
- b. Health Information Exchange (HIE)
- c. Institute of Electrical and Electronics Engineers (IEEE)
- d. Designated and Standard Maintenance Organization

Correct answer is a: HL7 developed the HL7 Electronic Health Record System (EHR-S) Functional Model. It also includes many standards for data exchange with patient information (Brinda 2016, 153).

**CCA Exam 1, Question 15, p. 40.** Identify the CPT code(s) for the following patient: A 2-year-old boy presented to the hospital to have his gastrostomy tube ~~changed~~ repositioned under fluoroscopic guidance.

- a. 43752
- b. 43761
- c. 43761, 76000**
- d. 49450

Correct answer is c: Code 43761 describes the repositioning of the nasogastric tube. If imaging guidance is performed, assign 76000 (AMA 2020, 323).

**CCA Exam 1, Question 61, p. 40.** Per CPT guidelines, a separate procedure is \_\_\_\_\_.

- a. Coded when it is performed as part of another, larger procedure

**b. Considered to be an integral part of another, larger service**

c. Never coded under any circumstance

d. Both a and b

Correct answer is b. Question should read: "Per CPT guidelines, a separate procedure can be\_\_\_\_\_."
